BS EN 1090-1:2009 + A1:2011

Factory Production Control Schedule

Hadley Industries Holdings Ltd trading as Hadley Group – Building Products Division

Certificate number: **2273-CPR-0003**

Product Type(s)/Range(s):

Cold rolled-form sections as ULTRAZED® and ULTRABEAM® roof purlins, side cladding rails, floor beams, pre-panelised bolted frames, light gauge steel framing systems and light weight steel framing for the construction industry.

Parent material(s) (including quality levels):

Steel to EN 10346:2015 – S220GD+Z275 to S450GD+Z275, S450GD+Z600, S450GD+ZM310, S450GD+ZM430 depending on application.

Execution class(es) (in accordance with BS EN 1090-4:2018): 1, 2, 3 and 4

Limitations (where applicable):

None

Welding Processes:

(As per EN ISO 4063)

None

Responsible Welding Co-ordinators:

(As per EN ISO 14731)

None

Date of first issue February 2011

Date of this issue 25 June 2023

Date of expiry 01 June 2024

Validity Period This certificate will remain valid as long as neither the designated standard, the construction product, the AVCP methods, nor the manufacturing conditions in the plant are modified significantly, unless suspended or withdrawn by the approved factory production control certification body. This will be monitored regularly by Steel Construction Certification Scheme Ltd. Further clarification regarding the scope of this certificate and the applicability of the relevant UK designated standards requirements (see certificate of Factory Production Control) may be obtained by consulting Steel Construction Certification Scheme Ltd.
